

State notice selection reference

Normalized from Document for State - Request type- Gopal.xlsx for operational lookup and agent knowledge retrieval.

Use	Select the row by job state, then the column by verified project class. Return the exact notice label from the matrix.
Verification	This is an internal operational reference, not legal advice. Confirm current law, deadlines, project classification, and company procedure before production use. A blank source cell is shown as Not specified in source and must not be inferred.
Source	Document for State - Request type- Gopal.xlsx, supplied 2026-09-25.
